Topics discussed:

October Preliminary Release Notes
Robert reviewed the preliminary Release Notes for October.
CPT/Service Change Update
Robert advised you can use the old CPT codes until 11-4-13. Effective 11-4-13, you will need to use the new CPT codes. Robert will send an e-mail out when he has completed the input.
Creating Clients in WITS Without a DOB and SSN, Resulting in "Client Already Exists" Message
Robert advised he will report at the next meeting on the results we get from asking FEI about this.
Note Duration Type
On the Encounter Notes, some staff are choosing a Duration Type other than Minutes. Some are choosing Hours. Please remind staff to only use the type of Minutes. We are requesting to have the options of Hours and Days removed. For Non-Episode notes, the Hours type will be changed to Minutes so it matches the other Note types.
Billing
Someone asked when the Billing will be ready to go. Jamie said our goal is to have it done before 1-1-14. We also need to figure out how to fix claims since 1-1-13 that have old CPT codes to update them to new ones. FEI is supposed to let Jamie know the cost but hasn't done so yet.
