

WITS Changes – 17.22.1 Release (Mental Health) 8/13/2015

In the 17.22.1 Release 3 bugs were repaired in WITS. Below are a summary of the errors and the resolutions of the problems.

- 1) Reports: Users are unable to see Reports with 'Agency Reporting' role since it is not inheriting 'Reports Access' role. **Resolution:** User able to inherit ' Reports Access' role with 'Agency Reporting' Role in order to view the reports.

- 2) Fee Determination: NH only features showing on the Idaho Fee Determination. **Resolution:** Medicaid/NH Health Protection Program Status - Private Insurance Status and Self Pay and DHHS Status have been removed from the Fee Determination page in Idaho.

- 3) Intake: New field called 'Type of Insurance' is mistakenly showing up on the Intake screen. **Resolution:** The Type of Insurance field is no longer being incorrectly displayed in Idaho.

Below you will find a summary of the change to WITS for the 17.22.1 release (which took place August 14, 2015). When these changes are made in Idaho-Mountain and Idaho-Pacific, the top left portion of your screen will say 17.22.1.

Notes

A new search filter, 'Allow Disclosure of Note?' has been added to the Search screens for Encounters, Notes and Misc. Notes. This field has drop down values - Yes/No/Blank and always defaults to 'Blank'.

The screenshot shows the WITS application interface. At the top, there is a navigation bar with the WITS logo, 'Idaho-WITS Training', and a 'Logout' button. Below the navigation bar, the user information is displayed: 'User: Willingham, Robert, WA | Location: Provider Training Agency, Treatment Location 1'. The main content area is divided into two sections. The top section is the 'Encounter Search' form, which includes fields for 'Start Date' (6/17/2014), 'End Date' (6/17/2015), 'Rendering Staff', 'Encounter Status', 'Service', and 'Program'. A dropdown menu for 'Allow Disclosure of Note' is highlighted with a red box. The bottom section is the 'Encounter List (Export)' table, which displays a list of encounters with columns for 'Actions', 'Svc Date', 'Service', 'ENC ID', 'Rendering Staff', 'Program Name', and 'Status'.
