

# Compatibility View Not Saving in Internet Explorer 11

Several providers have mentioned the Compatibility View settings are not saving when they shut down their computer. This guide will show you how to remedy that.

1. **Getting here:** Open Internet Explorer. Select the **Tools** icon.
2. Select **Internet Options** from the tools menu.
3. On the “General” tab, uncheck the option “Delete browsing history on exit.”
4. Select **Apply** then **Ok**.
