

WITS Changes – 17.17.1 Release (SUD)

4/14/2015

In the 17.17.1 Release 3 bugs were repaired in WITS. Below are a summary of the errors and the resolutions of the problems.

- 1) Scheduler: Users are no longer able to type into 'Procedure' drop down box to bring up specific Procedure. **Resolution:** Users are once again able to type into 'Procedure' drop down box to bring up specific Procedure.
- 2) GPRA: Follow-Up & Discharge Interview Due searches are not working for SAT-ED (IYTP). **Resolution:** The logic has been changes on the Follow-Up & Discharge Interview Due screens to be based off of grant type rather than key activities.
- 3) Authorization Change: The Justification field is required for an authorization change request for the type of Note to Authorizer. **Resolution:** The Justification field is no longer required for an authorization change request with the type of Note to Authorizer.

Below you will find a summary of the change to WITS for the 17.17.1 release (which took place April 16, 2015). When these changes are made in Idaho-Mountain and Idaho-Pacific, the top left portion of your screen will say 17.17.1.

Billing

Create Claim batch has been split into two administrative actions: Create Agency Batches and Create Facility Batches. Which one the user sees is depending upon the roles that the user has.
