

The following items are contained in the next GAIN ABS release (3.0.0.0):

1. ACHESSE EMA – template and randomization report (for EMA only).
2. Transition statement after pre-controlled environment use section “Now we’re going to go back to the original 90-day and 12-month timeframes for the rest of the interview” should now display whenever those questions are asked.
3. Tooltips for questions for S2a2-S2g2 (common conversions and norms).
4. Tooltips for questions S7_1d – S7_15d and S7_1e – S715e (date guidelines).
5. Tooltips for questions P7a - P7h (useful definitions).
6. Tooltips for questions V3k-V3q (“5 days per week in 90 days is equal to 64 days. Vacation days, holidays or other days when you were not required to be in school do not count for days in school or training or for days missed.”).
7. Tooltips for questions V6k-V6q (“5 days per week in 90 days is equal to 64 working days. Vacation days, holidays or other days when you were not required to be at work do not count for days at work or for days missed.”)
8. Instruction for questions V11a-V11m now reads "Please answer in dollars" and "[VERIFY THAT AMOUNT IS FOR PAST 90 DAYS. IF NONE, RECORD 0]".
9. Question Text for S6 now starts with “Have you ever attended...”
10. Error page addition.
11. A2 question calculations has been updated to give a max score for a don't know or refused answer in final calculation.
12. Fixed the tracker sensitivity so that users have more space to move the mouse
