

# GAIN ABS New Release

## Browser Support

- Chrome is now a supported browser
- Internet Explorer support is only for versions 9+
- Internet Explorer users should ensure that compatibility mode is off
- Firefox is still supported the same

## Changes to the site

- CSS styling of the entire site has been updated
- Added language flags and made the whole site multilingual
- GAIN-I SU added Spanish support
- Interactive assessment changes
  - Tracker updated to be faster and cleaner
  - JavaScript updates for .NET 4 compatibility
- Reports moved from Crystal to PDF via PrinceXML
  - QPFR
  - Validity
  - Lifetime usage
- FreeTextBox switched out for the AJAX html extender
  - QRRS
  - Q3RRS
  - GRRS
- Lots of reworked code to make compatible with .NET 4 and improve efficiency
- RMCWO is no longer running and therefore the LAW reports were not part of the upgrade
- M90 skip change. L5c will be asked if L5b is less than 3, regardless of L5\_s response
