Program Specialist
Division of Behavioral Health

SUBJECT: GAIN SITE INTERVIEWER TRAINING SFY 2014

The process for accessing GAIN Site Interviewer Training has been changed for SFY 2014. Chestnut Health Systems has developed a five-hour online GAIN Site Interviewer Workshop which is available to Site Interviewer Trainees at no cost to the trainee or to their SUD treatment agency.

The following documents provide instructions on how to access GAIN Site Interviewer Training for a Qualified Substance Abuse Disorders Professional who is interested in becoming certified as a GAIN Site Interviewer. The documents also include instructions for a GAIN Local Trainer who would like to provide Quality Assurance Review and Written Critique Services.

The documents include:

- Clinician Pathway for accessing GAIN Site Interviewer Training
- GAIN Local Trainer Instructions for when the GAIN Local Trainer and the GAIN Site Interviewer Trainee are from **different** BPA contract Agencies
- GAIN Local Trainer Instructions for when the GAIN Local Trainer and the GAIN Site Interviewer Trainee are from the **same** BPA contract Agency
- Approval Request Form - GAIN Site Interviewer Training/Certification, GAIN Local Trainer (LT)/Site Interviewer Trainee (*SIT) Match Request for Approval.
** Designed to be completed by and submitted by a GAIN Local Trainer.*

Documents are available on the WITS/GAIN website, under the GAIN tab: <http://wits.idaho.gov/>

If Quality Assurance Review and Written Critique Services will be provided by a Certified GAIN Local Trainer who does not work in the same Substance Abuse Treatment agency as the GAIN Site Interviewer Trainee, a cost will need to be negotiated between the Provider or Site Interviewer Trainee and the GAIN Local Trainer. A list of GAIN Local Trainers is included on several of the documents listed above.
